

Regional Support Centre

TRANSFIELD SERVICES' REGIONAL SUPPORT CENTRES (RSC) OFFER A COMPREHENSIVE SUITE OF ON, AND OFF-SITE INDUSTRIAL SERVICES.

THE RSCs EXPAND ON TRANSFIELD SERVICES' EXISTING ON-SITE OPERATIONS IN NEW SOUTH WALES TO DELIVER OFF-SITE MECHANICAL OVERHAUL AND REPAIR, HEAVY ENGINEERING AND FABRICATION, ELECTRICAL AND INSTRUMENTATION, BLASTING AND THE APPLICATION OF PROTECTIVE COATINGS.

WE CAN ALSO EXECUTE MINOR AND MAJOR SHUTDOWNS, DEMOLITION AND SUSTAINING CAPITAL CONSTRUCTION PROJECTS AS WELL AS A 24-HOUR SEVEN-DAY CALLOUT SERVICE.

THE RSCs BUILD ON TRANSFIELD SERVICES' RENOWNED ON-SITE CAPABILITIES AND SATISFY DEMAND FOR A FULL SERVICE OFFERING IN MEETING LOCAL CLIENTS' OFF-SITE SERVICE REQUIREMENTS.

► Illawarra and Sydney RSC Site Capabilities

The RSCs support our long-term maintenance contracts, enhance our self perform capabilities and provide a strengthened resource pool and offer:

- Program and project management
- Complete subcontractor selection, management and supervision
- Single sourcing from planning and supply, through to on-site management and execution
- 24-hour, seven-day callout service.

► Global Strength with Local Experience

Transfield Services' RSCs are managed by local employees that have a great depth of experience in the regions where they work with some staff having more than 30-years of experience.

We have 150 permanent employees consisting of:

- 110 weekly employees – Fitters, Riggers, Boilermakers and Trades Assistants
- 40 staff – Frontline Supervisors, Planners, Project Engineers, Project and Shutdown Management.

This depth allows the RSCs to comprehensively cover a region's industry sectors and add value to each client with the support of Transfield Services' global strength via proven corporate systems and support.

This long-term presence has given the RSCs an enviable network of local suppliers with proven relationships, which not only provide efficient and effective access to pre-qualified specialist expertise and surge labour, but benefits local industry participation and development.

► Business Information Services

Our robust SAP platform underpins our business operations and manages all our clients' business transaction requirements quickly and efficiently.

► Quality Management System Certification

Our dedicated Health, Safety, Environment and Quality Assurance staff continuously review our systems to look for improvement opportunities and to ensure the systems are effective, and meet industry best-practice standards.

We have the following Bureau Veritas certifications:

- ISO 9001 – Quality Management Systems
- AS/NZS 4801 – Occupational Health and Safety Management Systems
- ISO 14001 – Environmental Management Systems, and
- OHSAS 18001 – Occupational Health and Safety Management Systems.

► Health, Safety and Environment

Ensuring the safety of our people is our highest priority. We are committed to identifying safety and environment risks, eliminating hazards and preventing safety and environmental incidents.

Our key goal is for 'no injuries to anyone, anytime' and we have rigorous safety programs in place to ensure we work towards achieving this goal. While we place the highest priority on growing and evolving our business, we will only pursue this objective in ways which will not compromise our commitment to health, safety and the environment.

► Subcontractor Safety Management

Transfield Services' structured approach to managing the safety performance of our subcontractors allows us to monitor and improve their safety practices. We have an annual audit program that benchmarks their systems and processes against international standards and Transfield Services own systems. We assist with improvement plans to make positive changes to their systems and safety practices to drive an improvement in their safety performance.

This award winning safety continuous improvement tool has raised the bar of compliance to Australian standards, ensuring we are able to deliver a sustainable, safe, effective service to our clients.

► Award Winning Safety Management

Best Workplace Health and Safety Management System at the 2009 Safe Work Awards NSW and a Finalist in the same category at the 2009 Safe Work Australia Awards.

► Company Overview

Transfield Services provides essential services to key industries and infrastructure around the globe.

Our ability to provide specialist services to a range of industries results in a presence that touches millions of people across the Pacific, South East Asia, Canada, the United States, South America and the Gulf Region. We're behind the scenes, ensuring water is clean, power is on, and our clients' businesses are operating smoothly and efficiently.

Transfield Services Limited is publicly listed in Australia and is included in the S&P/ASX 100. The company has more than 27,000 employees and has a turnover of A\$4 billion.

Demand for our services continues to be driven by the ongoing trend towards outsourcing non-core activities in both the private and public sectors.

Our growth and success is attributable to building and maintaining strong relationships with our clients. These relationships are based on trust, integrity, and valuing our people and our clients' people.
