

i3net

ILLAWARRA
INNOVATIVE INDUSTRY
NETWORK

JOIN THE MOST
POWERFUL
INDUSTRY NETWORK
IN THE ILLAWARRA

i3net is the only networking association for heavy Industry in the Illawarra Shoalhaven Region.

Our point of difference is that we hold events where real business opportunities are showcased, and because of this we attract the right people to be in the room. We also provide a list of exactly who is in the room at each event, so you don't miss an opportunity to connect.

The i3net events provide great BD opportunities, access to suppliers and standout networking.

You not only meet new contacts, but our format allows you to stay connected with your existing network too.

We also offer introductions, connections and relevant information.

Our members can write to i3net to request contact details/introductions to other members, partners, speakers or others.

Quality events

i3net delivers professional, well attended events.

i3net attracts over 120 attendees at our breakfast events, swelling to over 250 for our Showcase events.

An organisation must join the network to continue attending events.

Recent speakers at i3net events have included BlueScope, South32, Oceanex Energy, Blue Float Energy, Ventia, Boral, Lockheed Martin, Babcock, BOC, EnergyAustralia, Endeavor Energy, Coregas, ANSTO, NSW Ports, Raytheon, Squadron Energy, Green Gravity + more.

The events have great support from all levels of Government with the Wollongong City Mayor a regular opener of our events, our events have had presentations by State Ministers and addresses by Federal Ministers as well.

About i3net

i3net, the Illawarra Innovative Industry Network, is a network of industry-based companies working from the Illawarra. From bolts to blast furnaces, from 3D printing to submarines, i3net provides access to the Illawarra's vast range of manufacturers, engineering service providers and industrial suppliers.

Our 110+ members and partners represent some of the largest companies in Australia & all the way through to SMEs and supply organisations, with over 25,000 employees.

Founded 20 years ago, i3net was established to promote the collective capacity and capability of the members, engage partner organisations, and ensure successful growth for our local businesses and our regional area.

We regularly hold industry events where real business opportunities are showcased, we ensure that we have the right people in the room and we also hold development training sessions that are relevant to the industrial audience.

The activities of i3net contributes significantly to the region's industry base being diversified, particularly across Advanced Manufacturing, Manufacturing, Engineering, Mining, Mining Services, Defence, Energy, Waste, Steel, Rail and Infrastructure Sectors.

i3net actively seeks out new market opportunities; from Local Government, State and Federal Government, including Defence and the Private Sector, not only for individual members and their organisations but also to enable members to combine their resources.

The power behind the network is the depth of capability and skills that can be provided by one powerful industry resource.

Hear what our members say:

"i3net are a dedicated group of industry professionals who support every member passionately. It's been a pleasure to interact with them over the years and I am grateful for the camaraderie and peer support they provide.

The industry events are a great way to interact with special guests and provides an invaluable platform to showcase your business in whichever way you feel is best. I would recommend anyone doing business in the Illawarra and Southern Highlands to get involved!"

**Mitchell Heffernan,
Arex Precision**

"i3net has a passionate board committed to genuine introductions of industry leaders in a relaxed and fun atmosphere. We appreciate the invaluable insights into our current local industries and always promoting opportunities for i3net members"

**Bruna Spinelli,
Arrow Electrical**
